INTERIM REPORT FOR ENTERCARD GROUP AB

The Chief Executive Officer for Entercard Group AB hereby submits the Interim report for January 1 - September 30, 2024.

SUMMARY

Scope, Type of Operation and Ownership

The business focus of Entercard is to issue credit cards and consumer loans in the Nordic market under its own brand, re:member, as well as issuing credit cards and loans under different partners' brands and through their own distribution channels; including Swedbank, a number of Swedish savings banks, Coop and LO in Sweden, and FH in Denmark.

Entercard uses sound lending practice and acts as a responsible provider of consumer credit. This is done by using established methods and by gathering solid applicant data enabling that reasonable credit levels are given to each individual.

Ownership

Entercard Group AB is a joint venture, owned by Swedbank AB, 60% and Barclays Principal Investments Limited, 40%. Entercard Group AB operates two branches in Norway and Denmark, respectively.

Significant Events during the Period

The period has largely been characterized by macro-economic uncertainty. The last couple of year's monetary policy with higher interest rates has helped to reduce inflation. The Swedish Riksbank began cutting its policy rate in May and has since then made 2 additional cuts in August and September respectively. Interest rates in Scandinavia have however continued to be at high level compared with the previously prevailing period of low interest rates. The environment with lower real wages impacts customers and credit losses, in particular in the Swedish market. Entercard will continue to follow the development of the circumstances, as well as customer behavior.

Quarterly result

Operating income for the third quarter amounted to 735,7m SEK (compared to 743,0m SEK same period previous year). The quarter's operating profit amounted to 365,5m SEK (81,7m SEK).

Year to Date Earnings, Profitability and Position

Operating income as per September 30, 2024, amounted to 2 195,1m SEK (2 237,9m SEK). Total loans to the public without considering provisions of anticipated loan losses as per September 30, 2024, was 34 954,0m SEK (35 447,0m SEK).

Non-performing loans, after loan loss provisions, as per September 30, 2024 amounted to a book value of 1 910,7m SEK (1 562,0 m SEK) which constitutes 6,0 (4,8) percent of the total credit portfolio.

Operating profit before tax amounted to 281,3m SEK (306,7m SEK).

Investments

Investments in tangible asset was 3,1m SEK during the period. Intangible assets increased with 12,0m SEK during the period. Entercard continuously assesses whether there are indications of diminished value for assets. The evaluation has shown that there is no need for impairment.

Significant Risks and Factors of Uncertainty

The market predicts that inflation will come down further, leading to multiple policy rate cuts going forward. The process of reducing policy rates has so far been somewhat slower than expected. The Swedish Riksbank has however indicated that a so called "double" rate cut can materialize in the fourth quarter. Even though indications are positive in terms of the Nordic economies, concerns regarding the risk of an extended recession remain and the development of the Swedish labor market economy is uncertain. Entercard's management follows the development closely to adapt to the environment. In addition to the above-mentioned uncertainties geo-political risks related to the war in Ukraine and the development in the Middle east are prevalent.

Liquidity and Funding

Entercard's liquidity need is satisfied through credits and loans provided by the owners. Entercard's cash balance as per September 30, 2024 amounted to 2 405,8m SEK (3 815,9m SEK).

The liquidity reserve amounted to 1 741,5m SEK (2 474,4m SEK). Entercard Group AB's Liquidity Coverage Ratio (LCR) was 360% (307%). According to Entercard's interpretation of the Basel Committee's most recent proposal on Net Stable Funding Ratio (NSFR), Entercard's NSFR was 124% (132%).

As per September 30, 2024, the survival horizon, in a scenario with a very limited access to funding and significantly decreased inflows from customers, was 172 days for Entercard Group, to be compared with the risk appetite, decided by the Board of 60 days.

More detailed information on the liquidity reserve and liquidity management is provided in the yearly Risk and capital adequacy report.

Capital Adequacy

Total capital ratio for Entercard as per September 30, 2024, was 17,8%. The total adjusted Tier 1 Capital base amounted to 4 835,3m SEK and the total risk exposure amount for credit risk was 25 045,2m SEK. Entercard applies the standardized approach to calculate the capital requirement for credit risk.

Audit Review

This report has not been reviewed by Entercard's auditors. Although, the company's result per September 30, 2024, have been subject for a general review.

Notes

The interim report for Entercard Group AB (org nr 556673-0585) refers to the period January 1 - September 30, 2024. The company is based in Stockholm, Sweden.

Note 1 Accounting Principles

This interim report has been prepared in accordance with the regulations of the law (1995:1559) on the Annual Accounts Act for Credit Institutions and Securities Companies, Chapter 9, and the rules and regulations issued by the Financial Supervisory Authorities (Finansinspektionen) FFFS 2008:25 Chapter 8 and the Council for Financial Reporting Board's recommendation RFR 2, accounting for legal entities.

Statements are presented in Swedish krona and all values are rounded to thousand kronor (tSEK) unless otherwise noted.

The accounting principles applied in the interim report are consistent with the accounting policies applied in the preparation of the annual report for 2023.

Note 2 Net Financial Income

In accordance with the Swedish Financial Supervisory Authority (SFSA) (Sw. Finansinspektionen) FFFS 2010:7 on liquidity risks.

Note 7 Capital adequacy

Calculation of capital requirements is conducted in accordance with Regulation (EU) 2020/873 of the European Parliament and of the Council on 24 June 2020 amending Regulation (EU) 575/2013 on prudential requirements for credit institutions and investment firms (prudential regulation) and (EU) 2019/876 as regards certain adjustments in response to the Covid-19 pandemic, act (2014:966) on capital buffers, and the Swedish Financial Supervisory Authority (SFSA) (Sw. Finansinspektionen) FFFS 2014:12 on regulatory requirements and capital buffers. Outcome refers to the calculation in accordance with the statutory minimum capital requirement, called Pillar I, as well as capital under the combined buffer requirement.

Entercard applies the standardised approach to calculate the capital requirement for credit risk. Credit risk is calculated on all on- and off-balance sheet items unless deducted from own funds. Entercard also calculates a capital requirement for currency risk. Entercard has permission, granted by Finansinspektionen, to exempt certain structural currency positions from the calculation of the capital requirement, namely such positions that have been taken deliberately in order to hedge the capital ratio against adverse changes in the currency rates.

Entercard uses the alternative standardised approach for calculating the capital requirements for operational risk.

The combined buffer requirement is a requirement to hold a capital conservation buffer of 2.5 percent of the risk exposure amount. The buffer requirement also includes a countercyclical buffer, which currently amounts to 2.1 percent of the risk exposure amount. There are currently no planned changes of the countercyclical buffer in countries where Entercard operates.

As a result of the Supervisory review 2023, Entercard has received a Pillar 2 Guidance of 1 percent of the Risk Exposure Amount, and 1.5 percent of the Total Exposure Amount for Leverage Ratio. The guidance is, together with a capital requirement of 1.9 percent, to be locked until the next review.

Entercard does not have a trading book.

Entercard Group AB is a Swedish credit market company with license to conduct financing business in the Scandinavian market. The operations in Norway and Denmark are conducted through the branches "Entercard Norge, filial av Entercard Group AB" and "Entercard Danmark, filial af Entercard Group AB". Entercard's lending in Finland is conducted through cross-border operations. Information in this note is submitted in accordance with prudential regulation, Commission Implementing Regulation (EU) no 1423/2013 on implementing technical standards with regard to the disclosure requirements of capital for institutions under prudential regulation, the SFSA's regulations and general guidelines (FFFS 2008:25) on Annual Reports in credit institutions and investment firms, and the SFSA's guidelines on regulatory requirements and capital buffers.

Besides the above capital adequacy requirement, Entercard holds additional capital according to the total capital calculated in the Internal Capital Adequacy Assessment Process (ICAAP). As of September 30, 2024, the internal capital requirement amounted to 16.5 percent.

Entercard assesses the capital requirement for all solvency-related risks within the framework of Pillar 2. This assessment is to a high degree based on stress tests. The result of internal capital assessment shows that Entercard's capital base is sufficient in relation to the capital requirement for the risks that Entercard is exposed to.

Risk and Capital adequacy report (Pillar 3) 2023 is available on Entercard website <http://www.entercard.com>.

Entercard Group AB is included through the proportional consolidation method in Swedbank consolidated situation.
